How to play Happy Birthday on the ocarina

Happy Birthday ocarina notes with color coding & letters, sheet music, fingering diagrams, and interactive audio practice.

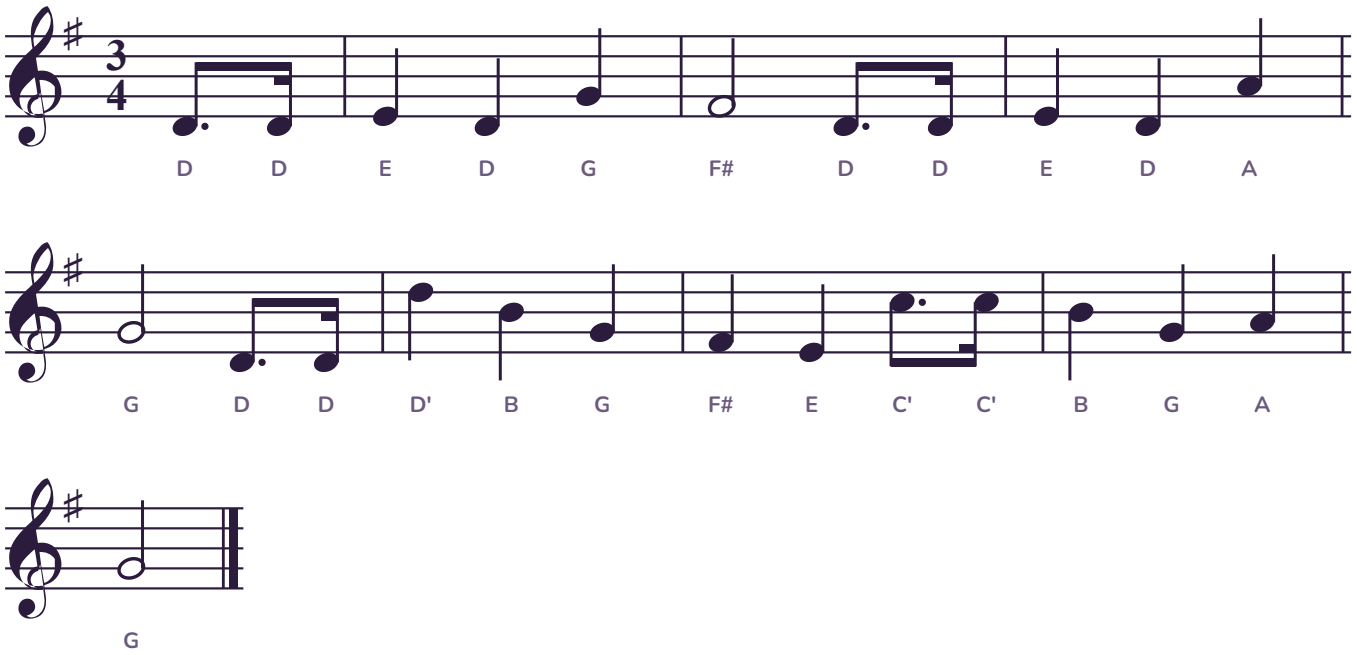

The universal celebration song. It spans from low D up to high D, putting all your fingerings to work. It uses 8 notes: **D**, **E**, **F#**, **G**, **A**, **B**, **C'**, **D'**.

The notes & rhythm

Longer blocks are longer notes; a vertical line marks each bar.

Sheet music

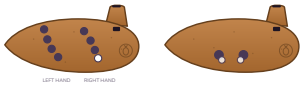

Standard treble clef notation with letter guides below each note.

Playing tips for Happy Birthday

- Start each note cleanly with a gentle tongue stroke (whisper "too" or "doo").
- Seal every hole completely with the soft pads of your fingers, not your fingertips.
- The ocarina's pitch follows your breath: blowing softer lowers the pitch, blowing harder raises it.
- The low notes need the gentlest breath of all. If a low note warbles or squeaks, soften your breath and check that your lower fingers fully seal their holes.
- F# uses a cross-fingering: check that the holes around the open one stay firmly sealed.
