Playing tips for Deck the Halls

- Start each note cleanly with a gentle tongue stroke (whisper "too" or "doo").
- Seal every hole completely with the soft pads of your fingers, not your fingertips.
- The ocarina's pitch follows your breath: blowing softer lowers the pitch, blowing harder raises it.
- The low notes need the gentlest breath of all. If a low note warbles or squeaks, soften your breath and check that your lower fingers fully seal their holes.
- The highest notes need firm, focused breath. Raise your breath slightly and keep the ocarina level so the airstream splits cleanly.
- B♭ uses a cross-fingering pattern. Keep the open hole free and blow with a steady, relaxed breath.
