Playing tips for Shalom Chaverim (Hello, Friends)

- Start each note cleanly with a gentle tongue stroke (whisper "too" or "doo").
- Seal every hole completely with the soft pads of your fingers, not your fingertips.
- The ocarina's pitch follows your breath: blowing softer lowers the pitch, blowing harder raises it.
- The low notes need the gentlest breath of all. If a low note warbles or squeaks, soften your breath and check that your lower fingers fully seal their holes.
